My Predictions Tri-fold

Objetivo: crear un tríptico en inglés con predicciones sobre el futuro usando will / won't.
Goal: make a tri-fold brochure with your predictions for the future.

PARA RECORDAR — Remember

will + verbo base: *Robots **will** clean our houses.* · **won't** (will not): *People **won't** use cash.* · **Will** + sujeto + verbo?: ***Will** we live on Mars?*

Opinión: ***I think** … will …* · ***I don't think** … will …* (no: *I think … won't*) · Tiempo: *in 2050, in ten years, in the future, one day, soon*

Adverbios: **will probably / will definitely** (después de will) · **probably won't / definitely won't** (antes de won't)
